A. Content & Audience

1. Did your peers clearly understand your site's purpose and target audience? Yes
2. What suggestions did they make to improve your site's content or messaging?

   Add a small screen checker for the youtube video at the bottom so it fits on a mobile screen.

   Adding a button that allows the user to start finding a partner in the homepage

B. Design & User Experience

3. How did your peers respond to your site's design (layout, color, typography, or organization)?

   They like the design of the page as it's simple with a modern layout so it's very pleasant to the eye

4. Did they find the design effective in communicating your message and engaging users?

   Yes

C. Functionality & Performance

5. What issues did your peers identify with features or interactivity on your site?

   None

6. Did they note any pages or elements that loaded slowly or inconsistently across devices or browsers?

   No

D. Accessibility & Usability

7. What feedback did you receive about accessibility (e.g., alt text, color contrast, keyboard navigation)?

   Make the logos a hyperlink so if they click it it sends them back to the homepage

8. What can you improve to make your site more inclusive and user-friendly?

   Add more features to find partners and express their goals more

E. Action Plan

9. What did your peers like most about your site?

   The layout

10. What two improvements will you make based on their feedback, and how will you implement them?

    Make the images a hyperlink to send them back to the homepage

    Add the find a partner button so people can start looking for partners
